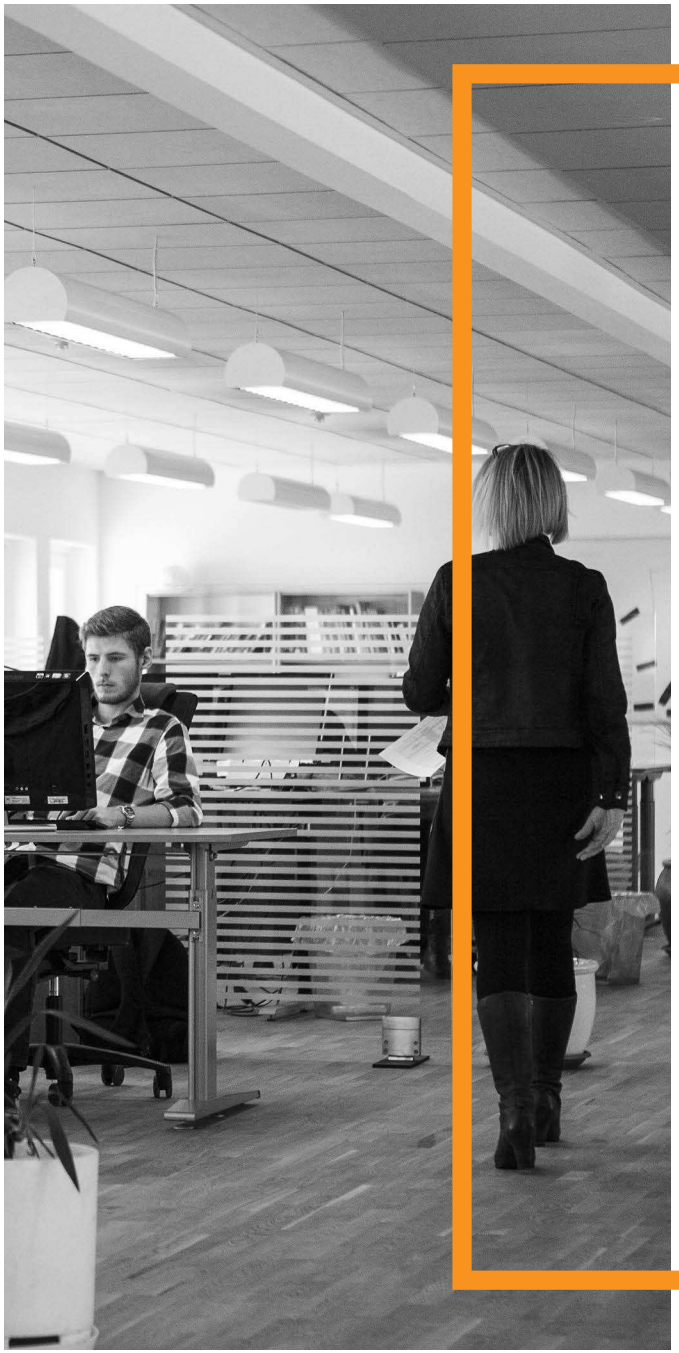
CAREER MUDHRA
FUTURE ENLIGHTENED.

WE CAN TEACH YOU



SOFTWARE TRAINING AND PLACEMENT SERVICES

Career Mudhra has been dawned to pave the students and working people, a way to land at the right platform, where they want to be, with due perception on their career and progress.

Our intent is to help students or professionals overcome the prevailing dazed state which they face in picking up the right choices of job by letting the people know about ample of opportunities unfolded in front of them.

We, at Career Mudhra, always believe in that CHANGE is the law of nature. Today's changing world need lot of analysts, data scientists (Machine Learning), digital marketers, AI developers (Deep Learning), AWS cloud architects, Python Developers etc., for across all the domains.

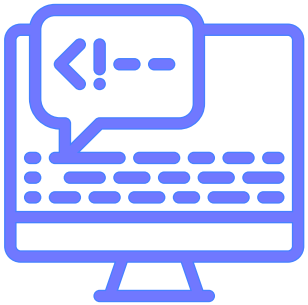
Career Mudhra facilitates all the trending technologies and the placement services in association with ExcelR (A world class leader in the quality training).

MISSION

To enhance the quality of software training in the latest technologies.

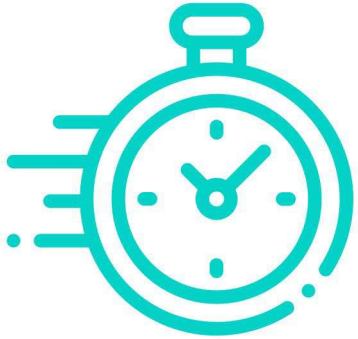
VISION

To provide placement opportunities for everyone.



REAL TIME TRAINING

Career Mudhra's extensive Software Training adopt equalized approach in both theoretical and practical aspects on all software courses. We offer the opportunity to explore real-time training with immensely skilled real-time experts. To enhance the realistic skills, assignments are given after each interactive session.



FLEXIBLE TIMINGS

On considering the working professionals and students, multiple batches will be conducted and batch timings will be flexible for their convenience. Candidates can get the access of video recordings of the lectures. Get 24x7 online access to trainers.

PLACEMENT ASSISTANCE

Career Mudhra aims at raising a strong interface between the corporate world and the candidates. Our team includes, continuous interaction with the prospective recruiters to understand their requirements of knowledge and skill sets and to train the candidates accordingly.
